

LIGHT DMS

Simplify Document Management
with Smart Automation, Secure
Storage, & Seamless Collaboration

CHALLENGES

- **Storage Inefficiencies:** Difficulty finding documents
- **Excessive Paper Use:** Reliance on physical documents
- **Security Vulnerabilities:** Risk of unauthorized access
- **Collaboration Gaps:** Ineffective teamwork and versioning
- **High Costs:** Expensive storage solutions

SOLUTIONS

- **Real-Time Access:** Instant document retrieval via SAP
- **Secure Uploads:** Protect sensitive documents during storage
- **Access Control:** Limit document access by role
- **Transparency Tracking:** Monitor user actions with audit trails
- **Flexible Storage Options:** Utilize multi-cloud environments

IMPACT

- **Speed:** 50% faster document processing
- **Integration:** Works seamlessly across multiple platforms
- **Enhanced Security:** Robust access controls in place
- **Collaboration Boost:** 30% quicker access improves teamwork
- **Compliance:** Fewer audit discrepancies
- **Sustainability:** Transition to paperless operations

Experience the future of
document management with
Light DMS for efficiency and
security at your fingertips
